

Protocol for Opening & Closing Ceremonies 2018

Opening and Closing Ceremony Procedures inform Competition Hosts how to organize the Ceremonies and show the part the Teams play. Notes

- Translations
 - Local and English.
 - Preparing your speech and giving to translator in advance really helps them.
 - Saying everything twice takes time, and attracts two lots of applause!
- Anthems
 - Available on ESF website for download.
 - Check timings & correct tune: insulting to play wrong version.
 - Decide when and how often used: at European Championships must be played prior to each game.
 - DO NOT play while teams are marching!
 - Beethoven's 'Ode to Joy', the 'European Anthem' is a great tune for all teams to march to as they enter arena.
- Awards
 - PHOTOGRAPHERS: Only let families / friends onto field AFTER presentations.
- Involving local contributions
 - Sponsors can be given chance to speak.
 - Municipal & Regional / National Federation / IOC members may attend.
