EDITORIAL

Dejan Jesic;

Vice President for Media,

Dear Softball Friends,

It is time for sport! Our sport -- softball. So, during the next two months, a great many of our #players will be on the dirt, in the dugout, in the box waiting for "that pitch". So many different tournaments are ahead of us and I, on behalf of the @ESF, would like to tell you few things. I am from #Serbia and I witnessed the birth of our #game in my country. I am not the founder of @SerbianSoftball, but, in the early days, the biggest challenge was how to find people interested in the sport.

The main method was to open a contact list. We did this during a time when the internet wasn't affordable for everybody in my country and talking on #mobile phones with people across #Europe with unbelievable prices was "mission impossible". Now, almost a decade and half later, we can communicate in so many ways! Even through glasses or watches!

Evolution ... it's happening. And I'm so glad that as a member of @EuropeanSoftball we can participate in as many tournaments as we want. How? Very #easy. Today, 80% of people have smart phones, laptops, tablets and #WiFi connections and can talk or share the information in real time. Share! That is one of the most used words in this world.

#Sharing information or photos puts us in the middle of the action. Due to our #love, #passion and #devotion to #softball, that's what counts.

When I was elected to the position of Vice President in the @ESF, my first and primary goal was to establish good connections and the fastest way to "share" information between our member countries. After almost two and half years, we have succeeded.

Our databases have been rebuilt, our europeansoftball.org website has been redesigned and our social media accounts are "in the air".

Talking about social media.... "Social" is, maybe, the wrong word, but right now I won't elaborate on this issue, because I'd like to remind you that the growth of our game depends on SHARES, LIKES, FOLLOWING and similar words.

Of course, this is a secondary way of developing, but nobody can say that he or she is not interested to see/hear/learn what is going on in Italy, the Netherlands, Russia, Spain, France, Great Britain, Malta, Bulgaria, the Czech Republic, Slovakia, Slovenia, Ireland, Ukraine. This summer the @ESF will organize 10 male and female #tournaments. Do you know how many players will take part? Of course you don't know. Neither do we, but if you SHARE #info with us.... That's what we are looking for!

Share all your materials with us and everybody will be able to see what is going on in #Nuoro, #Ostrava, #Dupnitsa or.... Via official websites and our addresses we will spread (SHARE) your posts, in real time, so we can be connected #24/7 and through different streams we can nearly feel the games and the #emotions. Don't be selfish! Share everything with us and make the softball community in #Europe larger.

Thanks for reading this, and you can find me on djesic@europeansoftball.org. I'm ready to serve you. Also, we can and we will SHARE your news on our Twitter and Facebook accounts. Don't hesitate to ask us any softball-related question and all our @European Softball Federation crew and myself will try to get the #answer ASAP.

The screenshot shows the European Softball Federation website. The main banner features the logo for the European Masters Games 2015, held in Nice from October 1-11, 2015. Below the banner, there are three small images: "2015 World Cup (HR)", "EChCG Day 3", and "Europeas at Most". To the right, the "Play by Play & Statistics 2015 - LIVE!" section is visible, listing three competitions: 2015 VIII EChCG, Nuoro; 2015 I ESCJW, Ostrava; and 2015 IX EChJM, Most. A red circle highlights a play button icon in the Nuoro section. At the bottom right, there is a calendar for July 2015.
