ORGANIZE YOUR NATIONAL BEEBALL DAY

A SUCCESFULL METHOD FOR INTRODUCING BASEBALL AND SOFTBALL TO KIDS

The event started with a warming up on music together with the local mascotte Mr. Bee.

Since the Dutch Federation organized in cooperation with the local clubs the National BeeBall Days on several locations thousands of kids, boys and girls, learned the basics of BeeBall and most of all the FUN of the games. Hundreds and hundreds of small teams (6 players or more per team) from schools and clubs had a perfect day, together with parents and teachers.

The result was that many kids any parents became enthusiast for baseball and softball and became member of the local clubs. Here you will find some pictures of the events.

Mr. Bee was the most enthusiast spectator and fan of all teams and participants

Many BeeBall teams presented themselves on the National Day also small teams of 5 or 6 kids

Some clubs and schools send more than only one team to the tournament.

The local Hospital demonstrated a real first aid ambulance to the children

BeeBall is a game with only winners! The organizing committee realized a gold cup for every team and an icecream after the games.
